

Caio Oliveira

PROFESSIONAL SUMMARY

Full-Stack Software Engineer with expertise in frontend development, backend architecture. Proven ability to deliver *end-to-end* web solutions from design through deployment, with experience spanning freelance project management to corporate backend development leadership. Technical proficiency in multiple technologies, combined with strong business acumen and client-facing skills.

Passionate about creating innovative, user-centered solutions that drive both technical excellence and commercial success.

WORK HISTORY

Freelancer - Full-Stack Developer & UI/UX Designer

Porto, Portugal 09/2024 - present

Over the past year, I have successfully operated as a freelance software developer, delivering comprehensive web solutions for diverse clients ranging from individual portfolios to enterprise-level e-commerce platforms. My expertise spans the complete development lifecycle, from initial UI/UX design through deployment and hosting management. Feel free to explore my [personal portfolio](#).

- **End-to-End Web Development:** Architected and delivered multiple full-stack projects including portfolios, business websites, and e-commerce platforms, managing every phase from system design and database architecture to code deployment and hosting infrastructure.
- **Full-Stack Technology Expertise:** Leveraged modern technologies including React, TypeScript, and Next.js for frontend development, Python and Django for backend services, with MySQL for database management and CI/CD pipelines for automated deployment processes.
- **UI/UX Design & Implementation:** Created intuitive user interfaces using Figma for design prototyping, then seamlessly translated designs into responsive, high-performance web applications, ensuring optimal user experience across all devices and platform

Technical Stack: *Figma, React, TypeScript, Next.js, Python, Django, MySQL, CI/CD*

Team8 - Junior Backend Software Engineer

Porto, Portugal 08/2023 - 07/24

Led the development of mission-critical backend services at Team8, taking ownership of the complete software development lifecycle from system architecture design through production deployment.

- **Core Backend Development:** Led the architecture and development of mission-critical backend services using Python and FastAPI, managing the complete development lifecycle from system design to production deployment.
- **Technical Implementation:** Built scalable backend solutions with Python, FastAPI, and Selenium WebDriver, implementing Docker containerization and GitLab CI/CD pipelines for automated testing and deployment processes.

SKILLS

- TypeScript
- JavaScript
- React
- Next.js
- Python
- Flask
- Django
- Version control and Git
- UX design
- MySQL

EDUCATION

12/2023 FCUP - Porto Science

Faculty UPorto

Incomplete, Portugal

Bachelor's degree: Computer Science

Skills in the areas of programming, fundamentals, information systems, systems and network administration, and web technologies, and the ability, alone or in a team, to develop reasonably sized computing applications, knowing how to make the appropriate choice of algorithms, languages, libraries and user interfaces.

12/2024

42 School

Porto, Portugal

Coding School: Computer Science

42 is among the best coding schools in the world, with over 15.000 students in 25 countries. Over there, I was able to learn in a different way, by developing real projects in teams, based on a gamified curriculum

- **Business Development:** Actively contributed to business growth by presenting technical solutions and directly engaging with clients to sell company services, successfully combining technical expertise with commercial acumen.

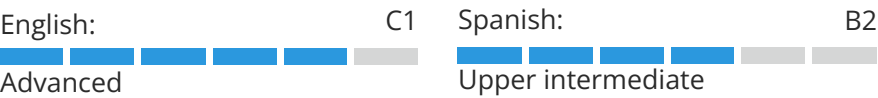

Technologies: Python, FastAPI, Selenium WebDriver, Docker, GitLab CI/CD

COURSEWORK

- CS50: Introduction to Computer Science, Harvard University, 2021
 - Python Bootcamp (Certificate of Completion), Udemy, 2021
(**certificate of completion:** <https://www.udemy.com/certificate/UC-dadea8f4-1cff-4a20-aa5d-d9855f52bf3a/>)
-

LANGUAGES

Portuguese: Native language

HOBBIE: DRUM TEACHER

Sharing my passion for drumming by providing private drum lessons to students of all ages and skill levels. Contributing to my local church music community by teaching young musicians.

where you earn points that allow you to level up.
